App Requirements for Mobile Devices (Tablets/Smart Phones)

Minimum App Requirements

App Requirements

- A valid email address and telephone number are required.
- Apps function best when the GPS or Location Services is enabled. ***Please note****: Devices that do not have GPS or Location Services will not display branch/ATM locations.*
- Mobile device must have a rear-facing camera in order to use the mobile deposit feature.

Operating System compatibility

Version	Android ™	Apple iOS
Android 9.X and later	Supported	
Android 8.x	Limited Support	
iOS 15.X and later		Supported
iOS 14.X		Limited Support
WatchOS 8.x and later		Supported
WatchOS 7.x		Limited Support

Please Note*: Unsupported OS versions may still access online banking via the mobile browser; however, access is minimally supported and does not offer app features such as Mobile Remote Deposit Capture (mRDC) and Fingerprint Login.*
